EXPERIENCE

GRADUATE RESEARCH VOLUNTEER MAY 2026-NOW
DEPARTMENT OF CHILD, YOUTH AND FAMILY STUDIES
UNIVERSITY OF NEBRASKA-LINCOLN, LINCOLN, NEBRASKA

Supports nutrition data management and analysis for the NIH R01 Healthy Children, Healthy Communities project.

- Enters, reviews, and maintains dietary intake data using the Nutrition Data System for Research (NDSR).
- Conducts systematic data checks to identify incomplete records, inconsistencies, entry errors, and values requiring clarification.
- Prepares and organizes nutrition datasets for statistical analysis.
- Conducts data analysis and assists with the interpretation and documentation of study findings.
- Collaborates with the research team to maintain consistent data-management and quality-control procedures.

GRADUATE RESEARCH ASSISTANT AUGUST 2023-MAY 2026
DEPARTMENT OF NUTRITION AND HEALTH SCIENCES
UNIVERSITY OF NEBRASKA-LINCOLN, LINCOLN, NEBRASKA

Supported NIH funded childcare nutrition research, conducted thesis research, and led the cultural adaptation and community delivery of a responsive feeding program.

- Conducted fieldwork in 25+ rural childcare settings across Nebraska.
- Completed dietary observations, anthropometric assessments, and Veggie Meter® measurements.
- Trained data collectors in research procedures, measurement protocols, and field documentation.
- Managed nutrition and survey data using NDSR, ESHA, Qualtrics, SPSS, and R.
- Translated and culturally adapted the EAT Family Style intervention program for Arabic speaking families in Lincoln, Nebraska.
- Collaborated with Nebraska Extension to recruit families and deliver program modules.
- Collected evaluation data and participant feedback on program learning and acceptability.
- Applied qualitative methods, including document analysis, thematic analysis, and ethnographic approaches.
- Analyzed parent and provider feeding practice alignment using multilevel mixed logistic regression.
- Contributed to conference presentations and a methods manuscript.

NUTRITION CONTENT PROOFREADER APRIL 2018-JUNE 2019
MAWDOO3.COM, AMMAN, JORDAN

Managed the quality of nutrition web content while training and evaluating a team of writers and editors.

- Reviewed nutrition articles for accuracy, clarity, terminology, grammar, and consistency.
- Provided writers and editors with structured revision feedback.
- Conducted weekly training sessions on writing and editorial standards.
- Completed monthly staff performance evaluations.
- Supported consistent quality standards across published nutrition content.

MEDICAL CONTENT WRITER JANUARY 2017-MARCH 2018
GERMAN MEDICAL REFERENCE (CLICKS), AMMAN, JORDAN

Developed and edited Arabic health content intended to communicate nutrition and medical information to general audiences.

- Wrote articles on human nutrition and other medical subjects.
- Reviewed and proofread articles for clarity, accuracy, and organization.
- Checked for appropriate Arabic/English nutrition and medical terminology.

SKILLS

RESEARCH METHODS

Quantitative, qualitative, mixed methods, surveys, sampling, document analysis, thematic analysis, ethnographic research

STATISTICAL ANALYSIS

ANOVA, t-tests, chi-square, power analysis, linear regression, logistic regression, multilevel modeling, mixed models

SOFTWARE

R, SPSS, NDSR, ESHA, Qualtrics, MS Office

NUTRITION ASSESSMENT

DOCC (trained & qualified), dietary intake observation, anthropometric assessment, Veggie Meter® measurement

PROFESSIONAL SKILLS

Data management, QA/QC, scientific writing, program evaluation, community engagement, presentations, team training

LANGUAGES

English, Arabic
